### Category:

**Product ID:** SH2061  
**Manufacturer:** Hanwei  
**Price:** 285.00 EUR  
**Availability:** In stock

[See it in our store.](#)

Now available to match the ever-popular Practical Katana (SH1070) is the Practical Wakizashi, offering the same quality at a great price. Blades are forged and differentially tempered to producing an HRC60 edge and HRC40 back. The temper line is authentic and prominent. Cost savings are effected by using fittings which, while making no claims to authenticity, are very strongly built to withstand the rigors of cutting exercises.

Hand-forged blade  
Differential tempering  
Fully functional

Product parameters:

- Total length: 70 cm
- Blade length: 50 cm
- Weight: 0,65 kg
