Design inspired by a 10th C. model

The Three load practice Viking Sword is made of 2 mm thick 1060 High Carbon Steel and Tempered to a Rockwell of 53. We created this piece with the practitioner in mind. The thick blade gives greater resistance to the blade for theatrical type combat which requires exciting blade to blade contact for shows, theatrical plays and movie productions.

Product parameters:

- Total length: 80 cm
- Blade length: 64,5 cm
- Blade edge: 2 mm
- Weight: 0,8 kg
- Blade thickness: 4 mm
- Blade width: 3,7 cm
- Cross-guard: 7,5 cm
- Handle length: 10,8 cm
