Combining the slashing power of the Samurai Katana with the agility and thrusting ability of fine European dueling swords, the Dark Sentinel (SH2066) is a handsome sword with a bite. Light and quick enough for single-hand fencing but with the ability to turn on awesome two-handed power, the Dark Sentinel will guard the castle gates against all would-be usurpers - without draining the Royal treasury! The forged high-carbon steel blade is complemented by a studded leather-wrapped grip with a stylized tsuba-like guard. A leather-covered scabbard with steel fittings completes the package.

Forged high-carbon steel blade
Studded leather-wrapped grip
Fully functional

Product parameters:
