Practical Tai Chi Sword

The Practical Tai-Chi swords from Hanwei has been developed in response to many requests for a quality Tai-Chi sword for everyday practice. The SH2008 series features three blade lengths, to suit the individual requirements of the Tai-Chi practitioner. The SH2008A has a blade length of 28", SH2008B has a blade length of 30" and SH2008C has a blade length of 32". All models feature steel guards and pommels, plated to harmonize the color scheme of the sword. The blades are fully tempered high-carbon steel with a flattened-diamond blade section. A tassel (Item SH2078) is available separately.
