[See it in our store.](#)

Based on an original of the period, our Revolutionary War Hanger (or Cutte) is accurately sized and antiqued to replicate a museum piece. The fully tempered, blunt edged, high carbon steel blade has a distal taper, with fullers on both sides along the spine, and is light and quick. The hilt fittings are cast in solid steel, matching the locket and chape of the leather-covered scabbard.

Product parameters:

- Total length: 78,7 cm
- Blade length: 62,5 cm
- Weight: 0,8 kg
