Our Roman Dagger (SH2139), or Pugio, replicates an original that survives in remarkably good condition in a European museum. The classic broad, waisted blade is ridged and fullered for stiffness and lightness, and the full-width tang matches the profile of the grip. The decoration of the grip and scabbard, like the original, are decorated in a silver on black niello style. A perfect piece for Roman persona.

Full-width tang

Replicates an original

Perfect piece for the collector
