Our Song Sword sets the standard for functional production quality swords. This exquisite version by the craftsmen of CAS/Hanwei features a beautifully patterned folded K120C powder steel blade in a traditional willow-leaf design with deep fullers and top quality fittings. The solid bronze Full Moon guard has a flying goose motif on the grip side and traditional good fortune patterning on the blade side, repeated on the pommel and scabbard fittings. The grip is leather-wrapped over sharkskin, which also covers the scabbard. The beauty of this sword belies the fact that it is fully functional, with great inherent strength, balance, and cutting ability. GRIP: Sharkskin/Leather.
