The Stainless Steel Pommels are a fantastic addition to the Pro-Line range. They are particularly good when used on a Single Hand Xtreme Blade making for an authentically weighted, fast moving sword. When used in conjunction with an Xtreme Longsword Blade it brings the weight of the sword up to 1165g with a 1" POB. If used in combination with Pro-Line Stainless Steel Guard it brings the weight of the sword up to 1465g with a POB at the guard.
